Descripción del inmueble

Situada en una espléndida finca señorial protegida, esta vivienda es una de las joyas más exclusiva del barrio de los Jerónimos.

Con una altura de techos superior a los tres metros y medio, se trata de una de las escasas propiedades de estas dimensiones en la zona, combinando el encanto arquitectónico de un edificio centenario con el confort de la vida contemporánea.

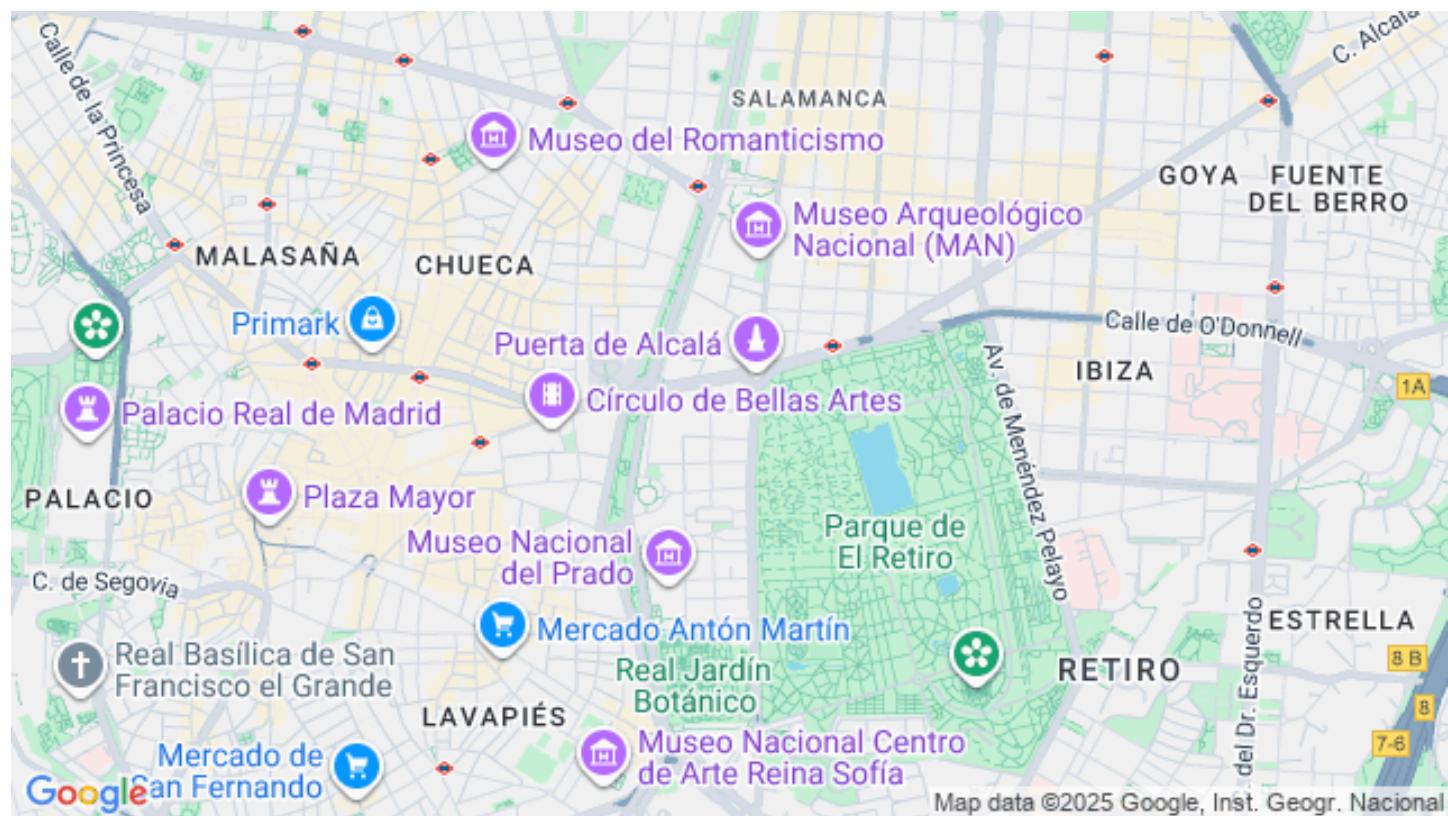

La vivienda se organiza en torno a un luminoso patio central, verdadero eje de la casa, que aporta claridad y calma a cada estancia. Una distribución fluida conecta las amplias zonas de recibo con varios salones y comedor, conservando el carácter señorial del inmueble con balcones de suelo a techo y detalles originales recuperados.

Un auténtico lujo en Los Jerónimos, junto al Retiro y en una dirección que es sinónimo de prestigio. La vivienda se podría complementar con un estudio recién renovado en la misma finca. Un rincón versátil (se comercializa a parte) que puede transformarse en despacho, alojar a invitados con total independencia o servir de apoyo como vivienda de servicio..
